Bridge Course Report UG- 2022-2023

Bridge course is aiming to introduce sociology to the first-year students those who are not coming from a sociology background. In the first week of the academic year faculty members try to familiarize the basic concept of sociology to the freshers. Bridge course conducted in two sessions including morning and evening. A brief syllabus which touches all major areas of sociology was prepared by the Department Research form. Bridge course is always focusing on interactive session for developing a good rapport between teachers and students and it also helpful for reducing the anxiety of students about the new area of study. If we compare the performance of the students of this academic year is better than the previous years.
