DEPARTMENT OF ENGLISH
BRIDGE COURSE REPORT
2023-2024

The bridge course is offered to orient the newly enrolled students on the basics of the programme and provide them with foundational knowledge essential for academic success. The department offered three 7-9 hour bridge courses, *Introduction to Literary Genres*, *Introduction to Mass Media* and *Introduction to Communicative Grammar* for the UG students and one bridge course *Introduction to English Literature* for the PG students. Each course was designed to address specific areas of study relevant to the student's academic programme and to enhance their understanding of core concepts. The newly enrolled students of other disciplines were also provided with a bridge course on *Introduction to Communicative Grammar*.

The *Introduction to Literary Genres* focused on familiarizing students with various literary forms, essential concepts, and analytical skills crucial for literary studies. *Introduction to Mass Media* aimed to provide students with foundational knowledge about media types, principles of mass communication, and their broader societal impacts. The *Introduction to Communicative Grammar* emphasized grammatical rules and their practical application, while the *Introduction to English Literature* introduced PG students to key periods, authors, and movements in English literature.

Following the sessions, an evaluative examination out of 25 marks was conducted for the students. The same was used as the first criterion for assessing the student's academic proficiency and identifying the slow and advanced learners. These bridge courses have successfully oriented newly enrolled students and provided valuable insights into their academic preparedness. The evaluations conducted have effectively identified both advanced and slow learners, allowing for tailored support and enrichment opportunities.
