Report

These teaching methods gave them the necessary guidance to help them to overcome their problems, after identifying their areas of difficulty. It helps to know the head block of the students. It played a crucial role in fostering academic success by addressing individual learning needs. Through personalized instruction and targeted support, it not only improves academic performance but also enhances students' overall confidence.

Recommendation

Recognize the emotional aspects of learning challenges and provide counselling support when needed.

Report Now the list of Students stands from 7 to 3.
This is most precious time to express thanks to
remedial coaching teachers for their hard work
and dedications. Now they are with Semester student.
They are improved very well. Remedial coaching
is a best technique to provide additional care
for slow and care needable students.

Recommendation

1. peer teaching helps to improve both students.
2. Slow learners need more time to get idea so
time is crucial element for the study.
