**In collaboration with  
Decoration Club  
Organizing  
PHONE PHOTOGRAPHY CONTEST**

**05.06.2023**

The Department of Botany at Carmel (Autonomous) College Mala, in collaboration with the 'Decoration Club of Botany,' successfully organized a captivating phone photography contest as a pivotal component of the World Environment Day Celebration 2023. The event focused on the profound theme of "Beat plastic pollution on the plastic planet." This remarkable initiative aimed to engage students in environmental preservation through the lens of artistic expression. The photography contest unfolded on the 5th of June 2023, marking World Environment Day. Dr. Geo Joseph, a distinguished member of the faculty, skillfully led the coordination of the contest, showcasing the commitment of the department to fostering creative and environmentally conscious activities.

The theme of the contest, 'signs of nature,' inspired participants to capture the intrinsic beauty and essence of our natural surroundings through phone photography. A total of 29 participants took part in the contest, showcasing their talent and passion for environmental preservation. Amidst stiff competition, Jayalakshmi Gokuldas, a talented second-year MSc Botany student, emerged as the worthy winner. Her submission reflected not only artistic prowess but also a keen eye for detail, capturing the essence of the theme. Meera K.V, a student from the B.Com CA program, secured the esteemed second prize, further highlighting the exceptional talent and creativity displayed throughout the contest. The event underscored the significance of conservation photography, emphasizing its blend of technical skills, natural history knowledge, field experience, and an innate desire to protect wild nature. All entries underwent a rigorous judging process designed to distill the very best from each participant, ensuring recognition of their dedication and talent.

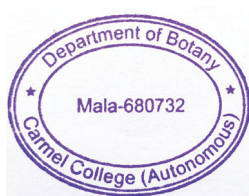

**Outcome:** The phone photography contest served as a platform for students to give voice to nature by sharing their perspectives with a global audience. The program aimed to build a community of photographers passionate about the environment, showcasing students' works and acknowledging their achievements. It is believed that evocative images have the power to draw out supportive human responses. The event was a testament to the college's commitment to holistic education and fostering a sense of responsibility towards our planet.

**REPORT: Factory Visit**

**Kerala Feeds Ltd, Kallettumkara Unit, Thrissur**  
(10<sup>th</sup> August 2023)

Kerala Feeds Ltd, located in IJK, is a prominent manufacturer of animal feed products in the region. During the visit to Kerala Feeds Ltd, several key aspects of the factory were examined, including production processes, quality control measures, safety protocols, and overall operational efficiency. The factory demonstrated a commitment to producing high-quality animal feed products while adhering to stringent standards of safety and hygiene.

Our visit commenced with a warm welcome by the company's management team, who provided an overview of the company's history, mission, and core values. The students were briefed on the safety protocols and measures in place within the facility. The students were divided into smaller groups and taken on a comprehensive tour of the manufacturing facility.

The factory utilizes modern machinery and equipment for the production of animal feed. The production process involves the mixing of various ingredients such as grains, vitamins, minerals, and supplements in precise proportions to meet nutritional requirements. Strict quality control measures are implemented at each stage of the production process to ensure consistency and adherence to standards. Kerala Feeds Ltd maintains a dedicated quality control department tasked with monitoring product quality throughout the production process. Regular testing of raw materials and finished products is conducted to assess nutritional content, purity, and absence of contaminants. Stringent safety protocols are in place to safeguard workers and prevent accidents.

**Key Learning Outcomes:**

- Understanding of industrial-scale chemical processes.

- Appreciation of safety protocols and measures in a chemical manufacturing environment.
- Insight into quality control procedures and their significance.
- Exposure to career opportunities in the chemical industry.
- Application of theoretical chemistry knowledge to real-world scenarios.

**REPORT: Factory Visit**

Mane Kancor Ingradients Ltd, Angamaly  
(20/9/2023)

KNCOR Ingredients Ltd. is a renowned chemical manufacturing company specializing in the production of various chemical ingredients used in the food, pharmaceutical, and cosmetic industries. The company is known for its commitment to quality and adherence to strict safety standards.

Our visit commenced with a warm welcome by the company's management team, who provided an overview of the company's history, mission, and core values. The students were briefed on the safety protocols and measures in place within the facility. The students were divided into smaller groups and taken on a comprehensive tour of the manufacturing facility. During the tour, they had the opportunity to observe various production processes, including mixing, distillation, and quality control testing. The students were introduced to the company's quality control laboratory, where they witnessed the testing and analysis of raw materials and finished products. This provided valuable insights into the importance of quality assurance in chemical manufacturing. The students had the privilege of interacting with the company's chemists and engineers. They engaged in discussions about the challenges and innovations in chemical manufacturing and gained valuable career insights.

**Key Learning Outcomes:** The factory visit to KNCOR Ingredients Ltd. was highly educational and enriching for the BSc Chemistry students. Some of the key learning outcomes include:

- Understanding of industrial-scale chemical processes.

- Appreciation of safety protocols and measures in a chemical manufacturing environment.
- Insight into quality control procedures and their significance.
- Exposure to career opportunities in the chemical industry.
- Application of theoretical chemistry knowledge to real-world scenarios.

**PG DEPARTMENT OF COMMERCE**  
**Digital marketing report**

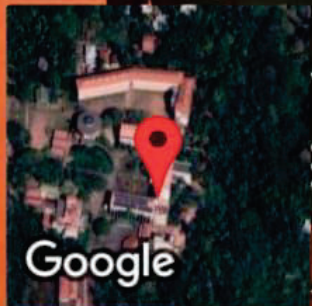

PG Department of Commerce organized a Seminar on "Digital marketing" on 29<sup>th</sup> November 2023 @ 02.00 PM in the Audio visual Room. Our resource person Mrs. Brahmadas R I senior project manager, Director, Digital marketing Softloom IT Solution had provided a fruitful session on Digital marketing and its technology. The programme was started with an opening remark delivered by Dr. Stegy V J, HoD, Department of Commerce, Carmel College (Autonomous), Mala. Around 83 students participated in this programme. Understanding the various touch points in the digital customer journey and optimizing each stage for maximum impact. Leveraging social media platforms effectively to build brand awareness, engage with audiences, and drive conversions. Creating high-quality content tailored to the preferences and behaviors of target audiences across different digital channels. Implementing SEO best practices to improve website visibility, drive organic traffic, and enhance search engine rankings. Designing and executing email marketing campaigns that resonate with subscribers and drive meaningful results. Students participated in the interactive session with an intensive question/answer session at conclusion and delivered a vote of thanks.

**Outcome:** Increased Confidence in Digital Marketing Capabilities, Tangible Impact on Business Objectives, Networking and Collaboration are the outcome of the programme.

DEPARTMENT OF MALAYALAM

WORKSHOP ON NEW TRENDS IN FILM TECHNOLOGY

**REPORT**

Malayalam organized on One Day workshop 25<sup>th</sup> September 2023 in the audio-visual room at 11.30 am. The workshop led Ms. Jisna Johnson, HoD, Department of Multimedia, Carmel College (Autonomous) Mala, on the topic "New Trends in Film Technology". The workshop was arranged for III semester language students and topic was discussed on the basis of Malayalam film Perunthachchan. 55 students were participated in the workshop. Dr. Merin Francis, HoD, Department of Malayalam welcomed the gathering and Ms. Rajeswary P.K. gave away the vote of thanks.

**Outcome**

The workshop was great success and informative for students. It was very useful to the students for getting knowledge about New Trends in Film Technology.

## DEPARTMENT OF MATHEMATICS & STATISTICS

### REPORT OF SEMINAR ON "A GAME-CHANGER IN DATA SCIENCE AND CONVERSATIONAL AI" HELD ON 30.06.2023

The Department of Mathematics and Statistics of Carmel College (Autonomous) organized a seminar on "A GAME-CHANGER IN DATA SCIENCE AND CONVERSATIONAL AI" on June 30, 2023 at 10.00 am in the Seminar Hall III in connection with National Statistics Day. Dr. Rasin R S, Assistant Professor, Department of Statistics, St. Thomas College, Thrissur was the resource person. Students from various departments participated in the same.

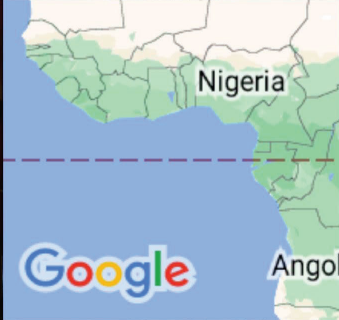

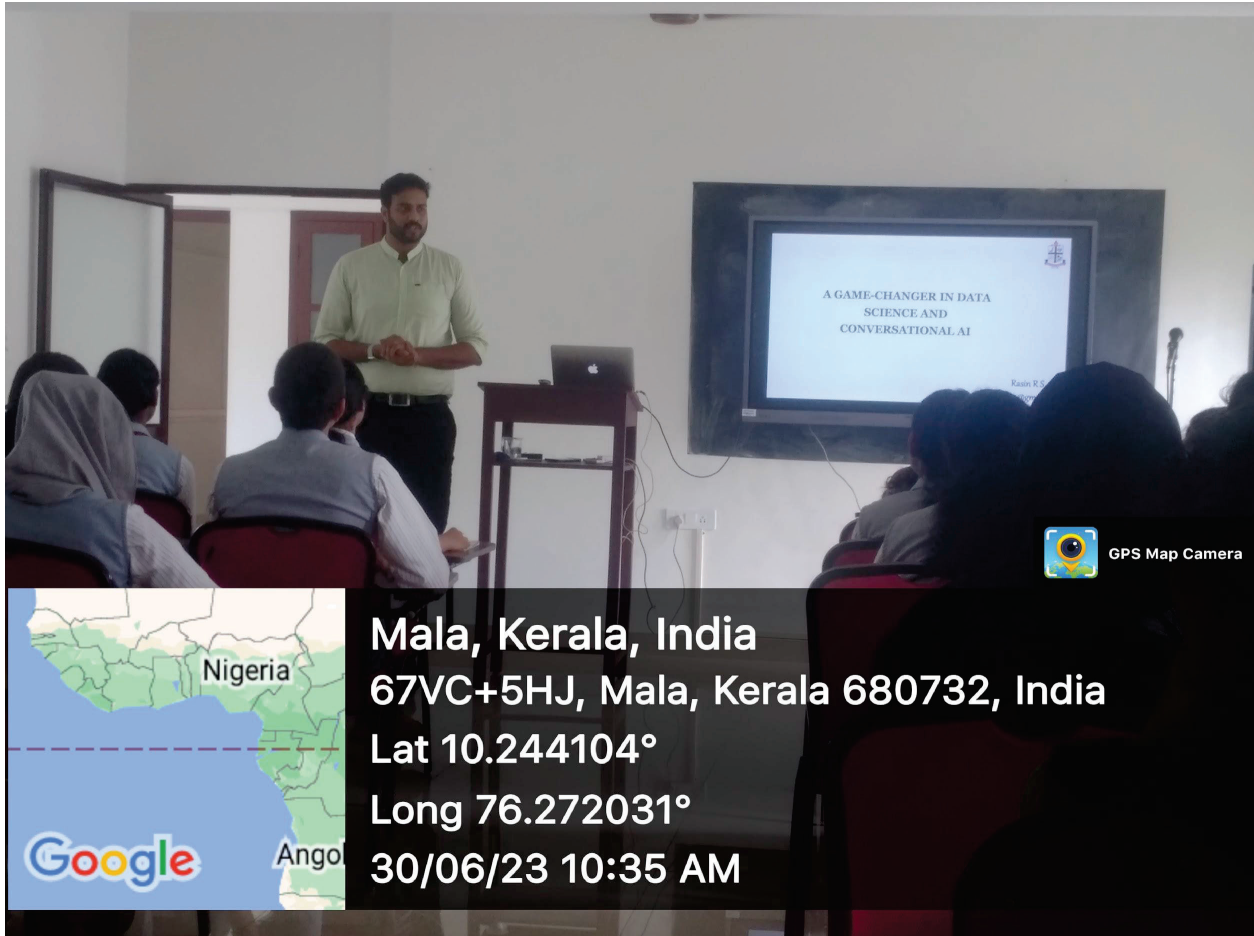

**Outcome:** The Seminar helped the students to get an insight into the areas of data science and AI and got enlightened about the scope and future in these areas.

## **Department of Physics Report on LED star sales Expo**

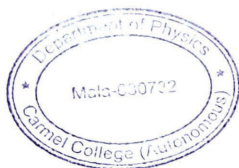

The Sales Exhibition of LED Stars at Carmel College Autonomous, Mala, on December 13, 2023, exemplified the "Earn While Learn" concept, allowing students from Creative Spectra to apply their physics knowledge practically. Crafted by the students, the LED stars not only showcased creativity but also served as a tangible product for sale, aligning with the philosophy of earning while learning.

The first sale, made to Mr. Krishna Theja IAS, the Thrissur District Collector, validated both the quality of the LED stars and the potential for students to generate income through their academic pursuits.

Creative Spectra's active participation demonstrated how students can leverage their skills for financial gain while still pursuing their education, fostering self-reliance and entrepreneurship.

This initiative not only provided hands-on experience but also contributed to the financial well-being of the participating students, reinforcing the practical and economic value of academic endeavors.

Out come; The success of this event serves as a catalyst for exploring more opportunities that align with the "Earn While Learn" philosophy, encouraging a holistic approach to education that integrates practical experience with academic learning. The Department of Physics recognizes the dual benefits of this initiative and aims to continue fostering similar opportunities for students.

**Orientation On J2EE Programming  
(Hands on Training by Ms. Angel Rose Ittiera, Intern, Tenzotech,  
Ernakulam)**

The department of Software Development organized a Hands-on session by Ms. Angel Rose Ittiera, on 06 Dec 2023 @10.00 am in the Software Development Lab. Final year UG students of the department participated in the session. During the session the resource person says and gives a demo about working with J2EE. The session was a motivational talk intended to create an awareness for the students of the necessity of getting a job based on I T Field.. The class helped students to be guided by a positive mind and driven by self-motivation. It was a fruitful and interactive session. Students were highly delighted as the session was full of fun, energy and learning videos. Angel is an alumnae of the department(2019-22 batch) and currently pursuing her internship at Tenzotech as part of her Post Graduation Course at Carmel College(Autonomous), Mala in M. Voc Software Development.

**Outcome of the seminar**

- The session provided an insight to the students regarding their career in I T Field.
- The session helped students to assess their interests, abilities, and values.
