VALUES FOR SUCCESSFUL LIVING

ACADEMIC YEAR 2018 - 2019

Carmel College, Mala, under the guidance of Code of conduct and Ethics Cell have conducted Value Education Course on “**VALUES FOR SUCCESSFUL LIVING**” a life focusing subject in this present age, with our own staff and the enthusiastic students who are curious. The cell always explored the possibilities of enabling this age group to face realities of the present age and thus prepared a well thought out module so that students will benefit and will use what they learn from this course for their successful living in this society.

This academic year 354 students were enrolled the course and all of them have effectively completed the course. It was expected to refresh the values that are within each one of us by attending to oneself, to create self-worth in a person and all the more to enrich the Society where one lives in. As the vision and mission suggests, this course was very helpful in empowering the Values of oneself in a given Society not just by trying to be successful in materialistic manner but in morality. In fact, this society lacks persons with “moral authority” and by this course, students were encouraged and motivated to become successful in every manner that is positive.

As an analysis of the course, “Values for a successful Life” the students are encouraged to live a Value based life in the Society and become a successful humanbeing respecting and able to accept the respect that is given. Students are motivated to live a morality- based life in the society for success, a road that is different from that of the world today. Where everyone is trying to be successful by stepping over the shoulder of other persons, through this course, students are encouraged to avoid a life of wealth without work, pleasure without conscience, knowledge without character, commerce without morality, science without humanity and religion without sacrifice.
