ABOUT THE COLLEGE

Carmel College, Mala in the Thrissur district of Kerala state, is a college for women. Re-accredited by NAAC with A Grade in Third cycle, affiliated to the University of Calicut, and managed by the Sisters of the Congregation of Mother of Carmel. This institution was established in 1981 as an answer to the ever increasing demand for the higher education of young women from the middle & lower strata of society in the rural suburbs of Mala. The institution has been endeavoring to fulfill its stated mission of imparting value based holistic instruction and molding empowered women fit for the society, the nation and the world, for the past 39 years, drawing inspiration from the visionary zeal of Saint Kuriakose Elias Chavara and Rev. Fr. Leopold Boccoaro.

ABOUT COURSE

B.Voc is an advanced course which opens a new door to IT industry. It started at October 2014. B.Voc provides skill oriented coaching, industrial visit, online exams, training to attend an interview, personality development classes, live projects and training from the industrial partners. It will ensure 100% placement. B.Voc classes and labs are well-equipped digital classes. It helps the students to concentrate more on practical sessions of theory classes which is more important in current IT-field and career growth.

ABOUT SEMINAR

Technical writing is an important factor in IT Field. Drafting technical documents is almost always necessary in every domain of professional and occupational field. Industries and companies like hardware, software, engineering, chemical, financial, aeronautics, biotechnology, medical, robotics, and other domain produce a considerable quantity of documentation for their products and services.

Artificial Intelligence is an approach to make a computer, a robot, or a product to think how smart human think. AI is a study of how human brain think, learn, decide and work, when it tries to solve problems. And finally this study outputs intelligent software systems. The aim of AI is to improve computer functions which are related to human knowledge, for example, reasoning, learning, and problem-solving.

The term Machine Learning was coined by Arthur Samuel in 1959, an American pioneer in the field of computer gaming and artificial intelligence and stated that "It gives computers the ability to learn without being explicitly programmed".

CARMEL COLLEGE, MALA

Department of Vocational Studies
B.Voc Software Development
Organises
One Day National Seminar on

**"Technical Writing, Artificial Intelligence and
Machine Learning"**

27th January 2020

INVITATION

Dear Sir/Madam, we are pleased to inform you that the B.Voc Software Development stream of Department of Vocational Studies is organizing a One-day National Seminar on 27th January 2020 on the topic "Technical Writing, Artificial Intelligence and Machine Learning". The seminar aims at highlight the various aspects related to new technologies and its applications in software field. We are hoping that the outcome of the seminar will give the new dimensions of IT for improving the knowledge as well as developing the career.

IMPORTANT DATES

Abstract submission : 23rd January 2020
Final paper submission : 24th January 2020 (in IEEE Format)
Registration : 27th January 2020 (9.30 AM)

REGISTRATION FEE

Research Scholar : Rs 200/-
Faculty : Rs 200/-
Students : Rs 100/-

CARMEL COLLEGE MALA

**Nationally Re- Accredited with A
Grade (3rd Cycle)**

ABOUT THE COLLEGE

Carmel, a first grade college for women under Calicut University stands nestled in an idyllic locale in a small town called Mala near the southern tip of Thrissur district, the cultural capital of Kerala. This college, which began in the year 1981, is run by the Sisters of the Congregation of Mother of Carmel who guided by their founders Saint Kuriakose Elias Chavara and Rev. Fr. Leopold Boccoaro have taken up the apostolate of education.

ABOUT THE SEMINAR

Big Data Analytics largely involves collecting data from different sources, manage it in a way that it becomes available to be consumed by analysts and finally deliver data products useful to the purpose. The seminar will have useful brainstorming sessions by an academic expert and paper presentations by the delegates. This seminar will provide an excellent opportunity for the young students researchers and academicians.
