WORLD WETLAND DAY REPORT 2019

Carmel College, Mala

We observed world wetland day from 5th February 2019 to 9th February 2019. There was programme like one day seminar , poster making competition , paper presentation and marsh walk etc.

On 5th February we arranged a one day seminar for our students of PG and UG section. A talk on “wetlands and climate change” was there. Class was lead by Dr. Joyce Jose, Assistant Professor, St. Thomas College, Thrissur. It was a very good motivational class. With the help of audios and vedioes she explained the role of wetlands in the existence of human beings.

On the 7th we conducted inter departmental poster making competotion on the topic” Role of Wetlands in climate change”. More than 20 participants were there and the best two were selected and prizes were distributed.

On 8th February there was paper presentation on Wetland and climate change. It was an inter departmental one. Students from 13 departments were participated and they were really prepared for that competition and with beautiful slides they explained the importance of the wetlands. We are sure that by conducting such competition students or youth surely get informed with such important themes. Winners were awarded with prizes.

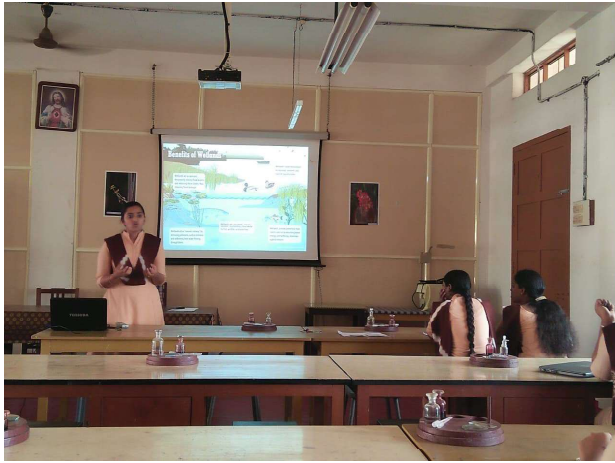

Our students were taken to a marsh walk to the near by wetland area. It was an amazing experience for them . Getting motivated by the visit two of our MSc, students started their work on the flora and fuana of the wetland area of Mala.

As follow up programme we planned to make herbariums of the plants of these area, and also to compare the plants of these area before and after flood.

Nature conservation Day

"Creativity, as has been said, consists largely of rearranging what we know in order to find out what we do not know. Hence, to think creatively, we must be able to look afresh at what we normally take for granted."--- George Kneller.

ART OUT OF WASTE is one such craft which follows this environmental friendly principle and at the same time creates useful and picturesque objects out of waste products. In order to make children aware of uses of waste material, and to give them a lesson on reducing waste to save our future, a 'Art out of Waste' competition was organized by B.Voc open source software club on 30th July 2019 in connection with nature conservation day. Mind-blowing, beyond expectation, fantabulous ideas were demonstrated by students. They prepared very creative and innovative models and art items from different waste materials. They used reusable and recyclable materials like newspapers, shoe boxes, bangles, ice cream sticks and much more. From these items, they created an amazing array of display items and useful everyday objects leaving everyone totally impressed. The values like preservation, recycling, conservation, reduce, reuse etc. are imbibed in the young heart and minds by demonstrating this noble act of caring for our environment.

CARMEL COLLEGE, MALA

Department of Vocational Studies (B.Voc)

In connection with the National Science Day, the Department of Vocational studies along with Department of Botany celebrated the National Science Day on February 28, 2020. This day is celebrated every year on February 28 in the country to celebrate the discovery of the 'Raman Effect'. India's great scientist CV Raman invented the 'Raman Effect' on this day and won Nobel Prize for the same.

The great physicist Sir Chandrasekhar Venkat Raman made an important discovery in the serious subject of physics on February 28, 1928. Now, the Government of India felicitates scientists every year. This year, the theme for National Science Day 2020 is "Women in Science", which aims to appreciate the contribution of women in the field of science.

We have conducted various programmes related to the National Science Day. The session was inaugurated by our respected Principal Dr.Sr. Lizy C I, and she also gave an inspirational talk to our students. It was followed by power point presentation done by Ms. Hrithu R Nair, Department of Vocational Studies, on the basis of this year's theme "Women in Science".
