Dear Sir/ Madam,
 Greetings from Carmel

We are glad to invite you to participate in the UGC sponsored Workshop on "Koha- Open Source ILS- Integrated Library System" to be held on 10th and 11th August 2015.

KOHA is a true enterprise-class package with comprehensive functionality including basic and advanced options. It is fast emerging as a preferred package for library applications, and includes modules for Acquisitions, Cataloguing, Circulation, Serials Control, Patron Management, Branch Relationship and more. KOHA is built using library standards and protocols that ensure interoperability between KOHA and other system technologies, while supporting existing workflows and tools.

Carmel College Library in collaboration with IQAC organized this training on the latest version of KOHA to encourage and facilitate the implementation and use of the KOHA system, and to demonstrate the benefits that KOHA can deliver to libraries of higher learning institutions in Kerala that adopt and use it. The training program was designed to jointly train people from different Library Departments.

Yours faithfully

It was raised to the status of 1st Grade College in 1984 and a PG college in 2014. Re-accredited by NAAC with 'A' Grade (Third Cycle) in 2016, the college provides 18 UG Courses including 5 B.Voc programmes, 8 PG Courses and 2 Diploma programmes under Community College. Recently Department of Botany has been upgraded as a Research Centre by the University of Calicut.</p> <p>About the Department of English</p> <p>The Department of English started functioning ever since the beginning of the college and the Department was officially inaugurated with the introduction of B.A Functional English Programme in 1998. M.A. English Language and Literature was sanctioned in 2013.</p> <p>Concept Note</p> <p>The recent proliferation of media narratives posits pertinent questions regarding the influence and impact of media on our aesthetic, cultural, social, political and economic perspectives. Societies have been distinctively and deliberately reshaped by the institutional and cultural logic of the media. Mediatization has emerged as a key concept in Media Studies and gives a theoretical framework to understand and analyze the interplay among media, culture and society. Our everyday practices and social relations are very much shaped by mediating technologies and media organizations. The seminar titled <i>Mediatization of Culture: Emerging Paradigms and Shifts</i> tries to explore how different kinds of media mould and frame the discourses of society.</p>	<p>Objectives</p> <ul style="list-style-type: none"> • To analyze societal transformations across a variety of domains such as politics, religion, science, education, literature, arts and sports in terms of mediatization. • To explore how mediatization intersects with or adds to the analysis of globalization, commercialization and urbanization. <p>The attempt to trace the representation and transformation of culture in its myriad patterns and perspectives in mass media offers ample scope for deliberation and would lead us to unprecedented explorations and expeditions in the field of Media Studies.</p> <p>Programme Schedule</p> <p>Session I (10:00 a.m. to 12:00 p.m.)</p> <p>Prayer Welcome Address : Ms. Lakshmi Salm Head, Department of English, Carmel College Presidential Address : Dr. Sr. Lizy C.I., Principal, Carmel College Inaugural Address : Dr. C.S.
