### **THE PROMOTION OF DISABLED-FRIENDLY AND BARRIER-FREE CAMPUS**

Our institution promotes a disabled-friendly environment without any bias. Though the number of differently-abled students enrolled for the UG and PG Programmes in our institution is considerably less, those admitted are given special care and attention. The Management, faculty and other students treat them with due respect and consideration promoting an inclusive atmosphere in the institution. Timely assistance is extended to these students in case of any learning difficulty that they encounter through

- Special classes by the respective faculty
- Peer group learning
- Peers writing notes for them, as and when required
- Providing Word/PDF documents as well as PPT of learning materials
- Providing scribe during examinations if the need arises
- Giving extra time during examinations

The faculty helps the students

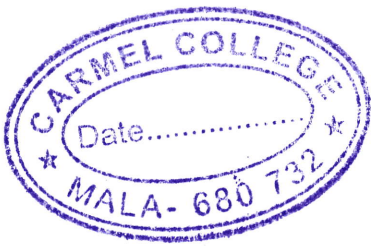

- By motivating them to gain meaningful learning experiences
- To identify their talents and encourage them to participate in curricular, co-curricular and extra-curricular activities which will aid them in alleviating any feeling of inferiority or lack
- By conducting programmes to encourage their creative talents and to inspire in them a willingness to share responsibilities in classroom and college

To cultivate interpersonal, communication, problem-solving and leadership skills and values required for their personal development through the tutorial- mentoring sessions and diverse events organized which shall prepare them to face the challenges in society without any inhibition

The institution also assures the availability of assistive means such as wheelchair, ramps, disabled-friendly washrooms, signage, and services of enquiry section near the front office.

The inclusive ambience of the institution helps them to evolve as individuals with self-esteem, confidence, adaptability, and integrity.
