DEPARTMENT OF ENGLISH

Report on

Seminar on “English as a Global Language”

organized by the Department of English (28-10-2015)

The Seminar on “English as a Global Language” was organized by the Department of English on 28th October 2015. The Resource Person was Prof. C R Murukan Babu, Associate Professor and Head, Panampilly Memorial Government College, Chalakudy. The English Association activities were also formally inaugurated by him on the same day.

The Resource Person substantiated the reasons behind English being the global language of the people. English is the international language of business, science, commerce, information technology and many other key areas. The number of non-native or second language speakers of English now outnumbers those primary or native speakers. The Resource Person opined that as English being the window to the world, more importance should be given to communication skills — listening, speaking, reading and writing — in English which would help one to improve employability skills, leadership skills and similar other skills too. He also talked about the diverse courses in language and media and career choices related to the same
