

ACTION TAKEN REPORT

2020-21

The system of collecting feedback followed in the institution is one of the major driving forces behind its effective and smooth functioning. The IQAC collects feedback from the students, teachers, alumnae, P.T.A and employers. After closely observing and analysing the feedback collected, the following steps were taken in order to ensure the successful functioning of the mechanism:-

- Considering the pandemic situation, steps were taken to keep the students abreast with the teaching-learning process by providing them with e-resources and smart phones in order to attend online classes.
 - In order to encourage an environment of research and innovation, the IIC conducted a number of programmes in collaboration with various departments.
 - Fully utilizing the facilities and opportunities offered during the pandemic, the faculty and students were encouraged to attend maximum number of webinars and workshops online.
 - The faculty and students also attended online courses through platforms such as coursera , swayam etc.
 - Since movement and transportation was limited during covid, the students were instructed to carry out extension activities in their neighbourhood so that the spirit of goodness and love is maintained even during the time of pandemic.
 - Curriculum enrichment was possible through the conduct of a number of webinars by the various departments wherein the students got an opportunity to interact within renowned academicians and personalities, who provided them with valuable insights
-
