

## **ACTION TAKEN REPORT 2021-22**

The system of collecting feedback followed in the institution is one of the major driving forces behind its effective and smooth functioning. The IQAC collects feedback from the students, teachers, alumnae, P.T.A and employers. After closely observing and analyzing the feedback collected, the following steps were taken in order to ensure the successful functioning of the mechanism:-

- Taking into consideration the fact that the pandemic situation was still persisting, steps were taken to ensure that the students and teachers were able to continue with the teaching-learning process through the online classes.
- Taking cue from the previous year programmes in collaboration with various departments and clubs were organized in the online mode.
- Fully utilizing the facilities and opportunities offered during the pandemic, the faculty and students were encouraged to attend maximum number of webinars and workshops online.
- The faculty and students also attended online courses through various platforms.
- In the second half of the academic year, offline classes for the final year students allowed the students to directly communicate with the departments and be better prepared for their exams.
- Curriculum enrichment was possible through the conduct of a number of webinars by the various departments wherein the students got an opportunity to interact within renowned academicians and personalities, who provided them with valuable insights
