Performance of the office	2.47

ALUMNAE:

- Satisfied with the quality of the curriculum.
- Lack of efficacy of the curriculum in providing entrepreneurship and employability.

EMPLOYERS:

- Satisfied with the subject knowledge imparted by the curriculum.
- Curriculum lacks in imparting certain skills in students such as relationship with peers, performance in team work and practical knowledge.
- The curriculum is ineffective in moulding students for the industry and hence lacks offering entrepreneurship and employability.

PARENTS:

- Satisfied with the overall quality of the curriculum and its delivery.
- Lack of use of ICT tools in teaching learning process.

In a nutshell, the present curriculum is effective for higher education prospects and also for cracking competitive examinations but lacks in providing entrepreneurship and employment. The curriculum is also ineffective in imparting certain skills required by the job industry such as relationship with peers, performance in team work and practical knowledge.
