

ACTION TAKEN REPORT

- Certificate and diploma courses with NSDC certification were organized during the academic year to enhance student employability prospects.
- Additional funds were allocated to acquire more reference books across various disciplines to support student learning.
- Job fairs were hosted on campus to better prepare students for the job market.
- A one-week training program, conducted by the Mahindra group, was arranged to equip students for job drives.
- Blended learning was encouraged to ensure the timely completion of the syllabus.
- Teachers adopted a learner-centric approach, integrating new pedagogies to enhance the teaching experience.
- Interactive sessions with successful entrepreneurs were organized to motivate students and provide insights into industry trends.
- Teachers were encouraged to implement blended learning by incorporating ICT tools like YouTube, Google Classroom, Linways, and Google Sites.
- Assignments and seminars were submitted and evaluated through Linways, streamlining the process for both students and faculty.
- These actions were taken to continually enhance academic quality and improve the employability of our students.
